For Immediate Release

Local Benefit To Shred Documents And Recycle Electronics

Frederick, MD (March 1, 2013) Frederick area residents have an opportunity on March 30 to rid their attics, offices and basements of piles of documents and unwanted electronics while providing scholarship aid to local students and supporting education projects in Africa.

Recycling will be done in a secure and responsible manner that protects donors' identity and protects the environment from harmful by-products. Paper documents will be shredded on site by mobile equipment from ALL-SHRED (www.allshredmd.com), headquartered near Jefferson. Electronic media will be shredded or wiped in compliance to industry standards by e-End USA (<http://www.eendusa.com>) of Frederick. E-end also recaptures the heavy metals and toxic chemicals to avoid contaminating our environment and recycles usable electronics whenever possible.

Donations will be shared between the Jefferson Ruritan Scholarship Fund and an innovative computer education project sponsored by Able and Willing. Using suitable components provided by e-End USA in exchange for the collected computers, students in the Congo will learn to make state of the art computers following a new design developed to minimize cost, maximize performance and life span.

The event takes place rain or shine from 9 am to 12 noon on Saturday, March 30, 2013, under the pavilions at the Jefferson Ruritan Center on Lander Road off of Route 340 in Jefferson, MD. Recyclable items are shreddable paper documents and any electronic item. The suggested donation is \$10.00 per file-size box (10"x12"x16") or a similar-sized bag or container.

For further information and directions please contact Jim Carpenter at 301-514-1356 or the community web site at <http://JeffersonMd.net> or the Able and Willing web site at <http://AbleAndWilling.org>. If you cannot make March 30 and would like to recycle your computer, please call Jim Carpenter to make arrangements.

About Able and Willing

The Able & Willing International Education Foundation is dedicated to building self-supporting, self-governing schools and promoting health in areas of need throughout the world. Founded in 1995 and headquartered in Frederick, Maryland, Able and Willing is a non-denominational, non-profit, 501(c)(3) and is a one-of-a-kind, grassroots organization with projects in Mali and the Democratic Republic of Congo and plans for Kenya and Cameroon.
